

# Parent Tip Sheet

1. If your student is having technical difficulty, have them email their teacher immediately.
2. Virtual Days are school days. Students should be working on their Virtual and Face-to-Face assignments during the virtual days.
3. Students should not do work in their beds. They should have a dedicated space they sit at to do work.
4. Students should never wait until the night before a virtual assignment is due to complete it.
5. Check your student's grades on JPAMS. If your student is having trouble with assignments, then have them email their teachers immediately.
6. Encourage your students to check their Google Classroom calendar. All assignments and due dates are posted.
7. Have your students show you their Google Classroom calendar and assignments.
