July 10, 2017

Dear Parent/Guardian and New SHS Student:

We are anxiously awaiting the arrival of the members of the Slidell High School **Class of 2021**. Making the move from junior high school to high school can create apprehensive moments for many students. Likewise, the parents of freshmen often share in this concern since they also have many questions about the policies of the school. For this reason, we have planned two special orientation events— one program for students *only* and one program for parents/guardians only.

Orientation for students:

Tuesday, July 25th, 6:30 registration, program 7:00-8:30

This will be an information filled school tour led by members of our school organizations and clubs, and students will receive schedules and textbooks. Please send your student with their book bag to carry books and their Jr. High School ID to help speed up book checkout.

Students are to check-in at table in front of school.

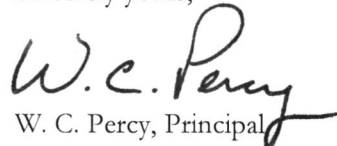

Orientation for parents:

Tuesday, July 25th, from 7:00pm to 8:30pm.

This informative program will take place in the SHS Auditorium and will include a wide variety of topics, including school rules and regulations, Freshman Saturday Academy, how to become involved, and tips for how your student can achieve his maximum success during his high school experience.

We strongly encourage you and your child to attend our orientation programs. Doing so will be a great first step to ensure the success of your freshman and provide a better understanding of our school. Even if you have had older children attend Slidell High, we ask that you please attend the parent orientation, as rules, regulations, and procedures are continually changing. We look forward to seeing you and the new Slidell High Tigers who will make up the **Class of 2021**.

Sincerely yours,

W. C. Percy, Principal
